4. So far as the stone crushing units situated under Md. Bazar Block are concerned, the status of their legality or otherwise and the action taken against the violating stone crushing units thereof as well as their operational status have already been placed before this Hon'ble Tribunal in the Further Additional Report dated 09.09.2026 filed by the deponent. It is reiterated that out of the aforesaid 229 stone crushing units under Md. Bazar Block, initially 18 number of stone crushing units were found to be having subsisting consents from the competent authority as on the material date; while the rest 211 stone crushing units were provided with the opportunity of hearing to submit their relevant documents in compliance to the solemn direction dated 18.11.2025 of this Hon'ble Tribunal. After scrutiny of the documents so far submitted by the attendee units, it was ultimately found that out of these 211 stone crushing units, 18 stone crushing units could produce their documents relating to their CtO obtained from the competent authority which are subsisting as on the material date; while 55 units could not produce any document to show that they ever had obtained

So far as the stone crushing units under Nalhati-I, Murarai-I and Rampurhat-I Blocks are concerned, which are cumulatively 400 in numbers, it is reiterated that the Sub-Divisional Officer of Rampurhat Sub-Division, while forwarding the list of such 400 stone crushing units established under Nalhati-I Block, Murarai-I Block and Rampurhat-I Block, issued an interim Closure Notice dated 20.08.2026 to these stone crushing units to close down their operations in view of the fact that most of these crushing units failed to produce their valid consents from the competent authority. Photostat copy of the aforesaid interim Closure Notice dated 20.08.2026 issued by the Sub-Divisional Officer, Rampurhat to the incumbent crushing units as specimen, has already been annexed in the Further Additional Report dated 09.09.2026 filed by the deponent as "R-4/3" at page 20.

8. It is respectfully submitted that after receipt of the aforesaid list of 400 stone crushing units under the Nalhati-I, Murarai-I and Rampurhat-I Blocks, the deponent took necessary steps to verify the relevant documents related to the consents/compliance of environmental norms of these 400 stone crushing units by providing each of these

stone crushing units an opportunity of hearing enabling them to place their respective documents and to take further course of action as to legality of their establishment and operation or otherwise. For this purpose, hearing of all these 400 stone crushing units was scheduled to be held in lots on 29.09.2026, 30.09.2026, 01.10.2026, 06.10.2026, 07.10.2026 and 08.10.2026.

9. It is further respectfully submitted that out of these 400 stone crushing units, 242 units appeared in the hearing, while the rest 158 units did not enter their appearance. After conducting the aforesaid hearing of these stone crushing units and scrutiny of the relevant documents submitted by them, it is found that out of these 400 units, 288 number of such units could not produce any document to show that they had ever obtained CtO from the competent authority and as such their operation became illegal since inception, on the other hand, 111 number of units obtained their CtO from the appropriate authority but the same having been expired were not renewed and as such their operation became illegal from the date whether their respective CtO expired; while the rest 01 number of unit could show its subsisting CtO on the material date. Thus, 399 number of stone crushing units (288+111) out of the aforesaid 400 units, are found to be in violation of the environmental laws and Environmental Compensation (EC) is liable to be computed against these 399 units. It is pertinently submitted that the date of 05.12.2025 which is the date on which this Hon'ble Tribunal passed the direction upon the relevant authorities including the deponent to ensure that no crushing units, which did not obtain CtO and are non-compliant to CPCB/WBPCB/environmental norms, are allowed to operate, has been taken into consideration till which environmental compensation is to be determined as per the CBCP Guidelines.

10. It is submitted that based on the above, the deponent has computed the Environmental Compensation following the CPCB Guidelines and the methodology as was adopted in the cases of 193 violating stone crushers under the Md. Bazar Blocks, in the following manner:

(I) For the 288 stone crushing units having no CtO at any point of time, EC has been computed and imposed against them with effect from 01.07.2023 to 05.12.2025 following the methodology laid down under the CPCB Guidelines and additionally, a onetime penalty amount of Rs. 1.5 Lakh on the polluter pay principle basis has also been imposed for the violation taken place prior to the period of 01.07.2023;

(II) For 111 stone crushing units who had their CtO which were expired and the same were not renewed, two approaches have been made for computation of EC.

(a) One relates to the cases where the stone crusher had its CtO, but it is expired before 01.07.2023 and not renewed till date, then in such case, a onetime penalty amount of Rs. One Lakh on the polluter pay principle basis has been imposed for violation upto 30.06.2023 and thereafter, EC has been computed and imposed with effect from 01.07.2023 following the methodology of the CPCB Guidelines;

11. It is respectfully submitted that thus the Environmental Compensation against the 399 violating stone crushing units under the Nalhati-I, Murarai-I and Rampurhat-I Blocks have been computed and imposed and individual Order dated 18.11.2026 under the signature of the Additional District Magistrate and District Land & Land Reforms Officer, Birbhum has been issued to these 399 violating stone crushing units asking them (i) to close down their operations forthwith and not to resume or continue operation in the crushing units till obtainment of requisite license/consent/permission from the competent authority and (ii) to pay the calculated Environmental Compensation through Demand Draft to be drawn in favour of the District Mineral

Photostat copies of four such Order dated 18.11.2026 issued to these 399 stone crushing units are annexed hereto as Annexure-R-4/1 as specimen.

Sub: Operation of Stone Crushing Unit in violation of environmental laws and imposition of Environmental Compensation.

Ref: Solemn order passed by the Hon'ble National Green Tribunal in Miscellaneous Application No. 34/2025/EZ in O.A. No. 154/2024/EZ.

Whereas, in terms of the solemn orders passed by the Hon'ble National Green Tribunal, Eastern Zone Bench in Miscellaneous Application No. 34/2025/EZ in O.A. No. 154/2024/EZ in the matter of Re: News item titled "Birbhum- a proposed Coal mine in West Bengal and the related health hazards" appearing in "The Hindu" dated 12.05.2024, requisite enquiry was caused to prepare the list of stone crushing units situated in the district of Birbhum and the process for ascertainment of legality or otherwise as to the operation of the stone crushing units was initiated;

And whereas, opportunity of hearing dated 10-Jun-26 was accorded to you and it is found that your stone crushing unit is being operated/run by you without valid subsisting Consent/Permission/Clearance from the appropriate authority;

And whereas, following the methodology as laid down under the CPCB Guidelines *vis-a-vis* the ratio of the decision adopted in the Committee meeting dated 08.01.2026, the District Magistrate, Birbhum imposes the following Environmental Compensation (EC) upon your stone crushing unit found to be operating in violation of environmental laws.

EC= PI x N x R x S x LF
Or, EC= 50xNx250x0.5x1.25
Or, EC= 7812.50xN
[N stands for number of days of violation; whereas 7812.50 stand for the amount (in rupee) of compensation per day as computed as per the CPCB Guidelines. Thus, Rs. 7812.50/- is the Environmental Compensation to be imposed for a single day of violation of environmental laws.]

Or, EC= 7812.50 x 622
Or, EC= Rs. 4859375/-
Note-1: The EC as per the above methodology under CPCB Guidelines is being calculated with effect from 01.07.2023.
PLUS Onetime Penalty Amount for violation preceding the date of 01.07.2023 = Rs. 150000/-
Note-2: For violation preceding the date of 01.07.2023, a onetime penalty amount (following the polluter pay principle) of Rs. 1.5 Lakh for the cases where no consent was obtained since inception and Rs. 1 Lakh for the cases where consent was obtained but the same stood expired before 01.07.2023 and no renewal of such consent has been obtained, be imposed in addition to the amount of EC computed as per CPCB Guidelines.

Therefore, total Environmental Compensation amount including onetime penalty stands Rs. 5009375 /- [Rupees Fifty Lakh(s) Nine Thousand Three Hundred Seventy Five Only]

Now, you are directed:

1. Close down all activities in your crushing unit immediately and not to resume/continue operation thereof unit until you obtain the requisite license/consent/permission from the competent authority;

2. Pay the aforesaid Environmental Compensation of Rs. **5009375/- [Rupees Fifty Lakh(s) Nine Thousand Three Hundred Seventy Five Only]** with the office of the Additional District Magistrate and District Land & Land Reforms Officer, Birbhum, through Demand Draft to be drawn in favour of "District Mineral Foundation (Admin), Birbhum" payable at Suri, within two months from the date of receipt of this order.

In the event of failure of the aforesaid directions, legal action shall be taken against your crushing unit strictly in accordance with the law.

It is clarified that payment of the aforesaid fine shall not *ipso facto* create any right or equity in favour of you to grant/issue requisite consent/permission by the competent authority, for which you have to follow the relevant procedure to apply and such application shall be dealt with by the competent authority in accordance with law.

This is issued by order of the District Magistrate, Birbhum.
